Overseas markets present enormous opportunities for expanding businesses, but setting out on an unfamiliar road can be hazardous for a company of any size. Lingobit Localizer is a **software localization suite** that helps companies significantly decrease their localization risks and costs, thereby making software localization affordable. Lingobit Localizer supports localization of **Windows**, **.NE**T and **Java** applications.

Lingobit Localizer

POWERFUL, EASY, RELIABLE... SMART

The Software Localization Suite
